

## Blank Fish

by Sharon G. Webber • Concept by Marilyn McIntyre

### Blank Fish Add-On Set Includes

- 30 magnetic fish
- 30 blank, wet-erase stickers
- Durable storage bag
- Instructions/Game Ideas

*Note: Use this set with the "Photo Fish" pond and two plastic fishing poles. (Sold separately)*

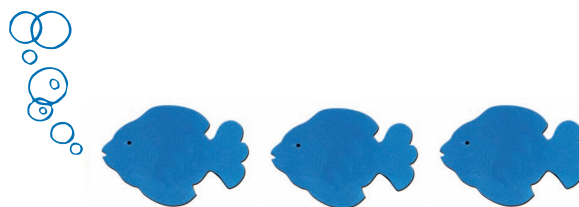

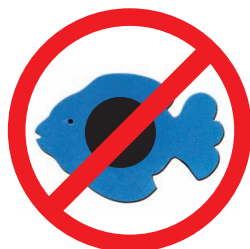

### Set Up Your Fish

**Step 1:** Take the stickers and fish out of the packaging.

**Step 2:** Place one sticker on each fish. DO NOT PUT THE STICKER OVER THE MAGNETIC CIRCLE ON THE BACK OF THE FISH! Continue until there is one sticker on each fish.

Using a wet-erase marker, write the target words, letters, sounds, object names, numbers, etc. that you wish to teach or reinforce on the stickers. To change the targets, wipe the stickers clean with a damp cloth.

Now your fish are ready to swim!

### How to Play

1. Unfold and place the plastic pond on a flat surface.
2. Place the fish sticker-side down in the pond.
3. Give first player the fishing rod and have him/her "catch" a fish by touching the foam "hook" near the magnetic circle on the fish.
4. Once a player catches his/her fish, have him/her produce the target sound, word, phrase, or sentence. If player produces his/her target correctly, he/she keeps the fish.
5. Play proceeds to the left. The player with the most fish at the end of the game wins!

### Game Variations

**Language Catch:** Place fish sticker-side down in pond. Have player catch a fish and name the category, function, or definition of the word.

**Sentence Builder:** Have players catch two fish and create a sentence using both words.

**Fish and Give:** Have player catch a fish and give to another player. That player will then produce the target word, phrase, or sentence.
