

## Introduction

**Webber® MINI Verbs Photo Cards** set presents 120 three-card sets of color-coded photos targeting everyday activities in multiple contexts. The MINI set is a great complement to *Webber BIG Verbs*, especially for younger children. The durable, laminated cards are excellent for naming, describing, identifying, comparing and contrasting, formulating sentences, and practicing conversation skills. Many of the photos have more than one possible verb for an answer.

Choose pairs from the card sets to play classic games such as Memory Match, Go Fish, and Concentration, or for a greater challenge, use all three cards! The small card size (2 ½" x 2 ½") and sturdy packaging allow you to take *Webber MINI Verbs* wherever you go.

Never run out of ideas using the extension activities included with **Webber® MINI Verbs Photo Cards**.

### Webber® MINI Verbs Photo Cards

- Presented in matching pairs
- 360 full-color photo-verb cards
- Extended activities included
- Instruction booklet with game ideas
- Divider tabs

## Extended Verb Activities

### Ask a Question

Show students a photo card and have them ask or write WH questions pertaining to the verb in the photo. For example, 1a: **Who is baking?** *She is baking.* **Where is she baking?** *She is baking in the kitchen.* **Why do you bake?** *We bake to prepare food.* **What is your favorite thing to bake?** *My favorite thing to bake is cookies.* **What is she baking?** *She is baking a cake.* **When do you think she likes to bake?** *She likes to bake on Saturdays.*

Record students' questions and answers as they take turns. Award two points to each student that constructs an appropriate WH question. Award one point to the student that provides an appropriate answer using a complete sentence. The student with the most points at the end of the game wins.

### Categorize Me

Take a portion of the cards and shuffle them. Seat the students in front of you and show them one card at a time. Students must determine quickly if the verb is something you do inside, outside, or both. Student must stand up and say, "Inside," "Outside," or "Both"! If the student can justify his answer, accept it as appropriate. Student keeps the card. Student with the most cards wins.

### What am I doing?

Select a number of photo-verb cards. Shuffle the chosen cards and turn them facedown on the table in a stack. In turn, have each student pick a card from the top of the deck and name the verb. Many of the photos might present more than one verb. If the student can justify another verb in the photo, student keeps the card. To increase difficulty, have the student make up a sentence to describe the picture.
